

# Chalet DALLAS

A chalet is a Swiss cottage or house.  
It is pronounced "shal-lay"

Artist Piero Golia created a special place  
where people can meet, share new  
ideas and be surprised.

Piero's friend Edwin Chan is an architect  
who designed the space.

His friends Pierre Huyghe, Mark  
Grotjahn, Jeff Wall and Christopher Williams  
share their art in the space.
