

Mini Project

Claes Oldenburg

Typewriter Eraser, 1976

[view on Nasher website](#)

Typewriter erasers were commonly used in offices to correct mistakes made when writing with a typewriter. Now people can easily correct mistakes with the backspace button when typing on a computer, making the typewriter eraser obsolete. **Think of something you use every day. Will that object still be used 20 years from now? What could replace it?**

Design the futuristic version of your object here.

Claes Oldenburg, *Typewriter Eraser*, 1976. Stainless steel, ferrocement, and aluminum on steel base, 89 x 90 x 63 in. (226.1 x 228.6 x 160 cm.). Raymond and Patsy Nasher Collection, Nasher Sculpture Center, Dallas, Texas.
